- [All performers](#)

The mission of *Opera Gala... Opera for a Cause* is to provide an outlet for highly skilled Northern Ontario musicians to perform, while simultaneously giving northern audiences a chance to enjoy and learn about this art form rarely seen on so grand a scale in the north. Perhaps most importantly, *Opera Gala... Opera for a Cause* looks to better the community as all of the highly-trained performers have generously donated their time, knowledge and experience to this worthy cause and all proceeds are donated to charity.

Over the last seven years the Opera Gala has raised close to **\$30,000 for local charities**. In addition, the "**Student Bursary Program**" offers a limited number of full-time music students the opportunity to sing in a professional setting with exceptional performers and an orchestra, a rare opportunity in Northern Ontario. In 2018, six vocal students made it through the audition process along with a new category of bursary student: **Répétiteur pianist**. This student pianist rehearsed and performed a limited number of pieces with the group along with the Collaborative Pianist.
